Free Your Assistants from Tagging Duties with Assist

Remove the busy work of tagging your games so your assistant coaches can spend more time with the video, which will lead to more detailed game plans. [Read More.](#)

NCA Partners with MaxPreps

As part of the partnership, the NCA is encouraging football, volleyball, softball, basketball, soccer and baseball coaches to submit complete game statistics to MaxPreps after each contest, to highlight the accomplishments of your teams and athletes and to provide accurate stats leaderboards for statewide media and the high school community. Download the MaxPreps Teams app to help manage your roster, scores, stats and communicate with your team. MaxPreps also is the Official Statistician and Media Partner of the Nebraska School Activities Association, **giving Nebraska coaches a single platform to provide game results and statistics.**
