

## ***“Coaches Care” Program Encourages Coaches to: “Be the Type that Gives”***

2022 marks the tenth year of the Nebraska Coaches Association’s (NCA) *“Coaches Care”* program, underwritten by Scheels of Lincoln and administered by the Nebraska Community Blood Bank. The three organizations will be partnering for a blood drive during the NCA Multi-Sport Clinic on Wednesday, July 27 outside the vendor entrance (west side of Lincoln North Star High School) of the clinic site.

As leaders in the community, you are encouraged to give back and help those in need. Each coach that registers to give blood within the NCBB online site will receive a \$25 Scheels gift card. Those that register will be eligible exclusively for the grand prize drawing of a large television. Space is limited, sign up before the time slots to donate blood are gone. Only those that sign up within the online times at the clinic site will receive a Scheels gift card and will be eligible for the television.

Every coach may be capable of being a lifesaver for one or more people. To make an online appointment to donate blood, go to [https://www.ncbberohub.club/donor/schedules/drive\\_schedule/68708](https://www.ncbberohub.club/donor/schedules/drive_schedule/68708).

Questions, call (877) 486-9414. Thank you in advance for *“Being the Type that Gives.”*
